TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Sandown in the County of Rockingham in said State, qualified to vote in Town Affairs:

(L.S)

You are hereby notified to meet at Town Hall in said Sandown on Tuesday, the ninth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money, as may be necessary to defray town charges for the ensuing year and make appropriations of the same as stated in the Budget.

3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

4. To see if the Town will vote to accept Town Road Aid; State will contribute \$1,192.89, Town to raise \$298.22.

5. To see if the Town will vote to raise \$500 to reduce Long Term Notes held by the First National Bank of Derry.

6. To see if the Town will vote to authorize the Selectmen to administer or dispose at either public or private sale of property taken through Tax Collector deeds.

7. To see if the Town will vote to accept the sum of \$50 left by the Will of Robert H. Sanborn. The income to be used towards the perpetual care of the cemetery lot where his father and mother are buried.

8. By Petition:—To see if the Town will vote to raise the sum of \$800.00 to maintain Town Roads.

9. To act on any other Town business that may legally come before said meeting.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and forty-three.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

The Trustees voted to open the Library only one day a week through the months of Dec., Jan., Feb., and March. This was done in the interest of fuel economy. They expect to return to the old system in April. It is a matter of regret that the adult population does not make that use of the Library as the Trustees could desire, but the children certainly do enjoy its facilities to the fullest extent.

The Reports of the Treasurer and of the Librarian follow.

SUPERINTENDENT'S REPORT

February 1, 1943

To the School Board and Citizens of Sandown:

It is with pleasure that I submit my first annual report as Superintendent of your Schools.

Although I have been working with your schools for only two months, an endeavor will be made to present the usual interesting statistics for 1941-42, as well as some of the activities of the present school year. You are fortunate in having two experienced teachers; not being new teachers, they need no introduction.

During my visits to the schools, I find them well managed and neat, the pupils seem to be well behaved, the lessons well prepared by the teachers and a general atmosphere of happiness and industry on the part of everyone. All pupils in the first and second grades have been equipped with the most modern of reading materials, replacing out-moded and worn books. The schools are functioning efficiently even though the toilets and cloak room (Pine Grove School) are not satisfactory. A different stove is needed at the Clark School.

School subject content is being effected in many ways by war conditions. Teachers are keeping the pupils well informed of current activities through current events, encouraging them to purchase war stamps and bonds, and making regular work as practical as possible by bringing into discussions up-to-date problems dealing with present conditions. The teachers have taken their additional part in the war effort by working on rationing programs. Teachers and pupils are to be commended for the extent to which the pupils have purchased War stamps. At the Pine Grove School \$140.00 worth of war stamps and bonds have been purchased by the children. This amount includes one

\$18.75 bond purchased by Rudolphe Barbone, Grade seven. Members of this school located about five tons of scrap metal for the war effort. The pupils of the Clark School have purchased \$55.55 worth of War Stamps or an average of about \$2.31 each.

The cost of text books and supplies is increasing. Shortages in materials are getting more noticeable. We must attempt to conserve on their use by steady effort to prevent any waste or abuse of materials.

An article in the January issue of the School Executive magazine states concisely and emphatically regarding Education after the war in Great Britain that, "—— of all the States activities, education is the basic activity, because it conditions the future character of the entire community. —— in peacetime no temporary economic crisis should be permitted to have any effect at all upon educational services. In wartime the maintenance of these services at a level of high efficiency should have maximum priority." This thought should continue to prevail in our own country.

The greatest task before the American people is to win the war. To this end our utmost energy and our best thoughts are dedicated, but we must not be unmindful of the peace and world reconstruction which must follow. We are confronted now with decisions that will determine the kind of citizens who will inherit this country of ours. We must keep constantly before us the fact that children can not delay the growing-up process. "What they will be, they are now becoming."

Statistical Data

The only pupil not absent or tardy during 1941-1942 was Marilyn Hutchinson.

Edith Yeroyan was the only pupil to complete the work of the eighth grade, 1942.

More encouragement should be given to the Sandown pupils, who complete the eighth grade, to continue on in High School. According to the records in the Superintendent's office, three pupils completed grade eight in 1939; six in 1940; eight in 1941; and one in 1942.

Sandown pupils who were enrolled in high school—September 1942 are:

Eva Bassett, Senior	Hampstead High School
Virginia Follansbee, Junior	Hampstead High School
Harrison Wilson, Junior	Sanborn Seminary
Mildred Wilson, Junior	Sanborn Seminary
Ruby Huckins, Sophomore	Sanborn Seminary
Anna Geisser, Sophomore	Hampstead High School

From the above facts pertaining to the eighth grade graduates during the past four years, it would seem that more than six should be in high school now. One thing that might be worth future consideration would be the matter of the town providing transportation to an approved High School. This is a practice that is not uncommon. Another thing that is commonly done by towns is to transport and pay the tuition of eighth grade pupils, to some consolidated school where they would receive training in Manual Training (for boys,) in Home Economics (for girls) as well as departmentalized work in other subjects. If this were considered, the number that would continue in High School would undoubtedly be much greater.

The value of more education can not always be measured in terms of money but, unless our whole philosophy of education is wrong, the town would be more than repaid in the future years. I would not propose that these changes regarding the eighth grade pupils be made permanent to take the place of the proposed consolidated school which has been considered—but as a temporary arrangement whereby the pupils who are now “growing-up” could profit by more education.

Your attention is directed to attached reports of the school nurse, Mrs. Constance Cooper and the music teacher, Miss Jean Beaton, both of whom seem to be doing a good job at their respective duty of helping to maintain and improve the physical welfare of the children, and teaching some music appreciation and developing and bringing out whatever talents the children may have along those lines.

In conclusion, I wish to thank the members of the School Board, the teachers, and other citizens for their cooperation during my first two months of service, and

I hope to carry on effectively the work of the schools in the future.

Respectfully submitted,
Jonathan A. Osgood

MUSIC REPORT

February 8, 1943

To the Superintendent of Schools, and the School Board of Sandown, I herewith submit a report on the music activities in the Sandown Schools for the year 1941-1942 as well as for the present school year.

The time allotted to Sandown is a half hour a week for each of the schools. This is divided into fifteen minutes for the first four grades and fifteen minutes for grades four and eight.

In the lower grades there are the average numbers of uncertain singers in the Pine School and probably more than average in the Clark School. We try to give as much individual help to them as the time at our disposal will allow. The most of them eventually "find" their singing voice either by this method or by trying to "sing like others".

From the fourth grade on we try to keep a balance between note reading and rate singing. Note reading so as to provide a tool by which the pupils may learn to sing independently with greater speed and accuracy. Rate singing so as to provide immediate pleasure, maintain spontaneous singing and to give to the pupils a group of songs they may always have to sing from memory.

Music appreciation as lessons in listening have been carried on with the aid of the phonograph and records. While it is hard to find time to carry on all phases of music education with eight grades in a room, listening seems to have become increasingly important in this age of radio.

A rhythm band has been started at the Pine School and has proved to be very successful. It is enjoyed by the pupils and is an excellent experience for them.

I wish to thank Mrs. Sinskie and Mrs. French for their fine cooperation.

Respectfully submitted,

Jean Beaton.
